

**Ar. Harish Saini**

CA/1982/07079

[shrutika@thevaastuconsultants.com](mailto:shrutika@thevaastuconsultants.com)

Harish Saini, Architect having keen interest in building engineering services & construction management, completed his B.Arch from Chandigarh college of Architecture in year 1981. He believes that development & progress must proceed without straining the cultural & historical environment. His philosophy. The Architect's role is that of a guardian - his is the conscience of the Built and Unbuilt environment. This belief underlines his work at Vaastu Consultants, the firm he founded & has been heading for the last two decades. His spanning corporate, industrial & institutional clients extend too far. Apart from being on the list of visiting faculty member in the College of Architecture for the last ten years or so he has to his credit the many articles published in the leading newspapers.

**Ar. Sunil Kapur**

CA/1987/10514

[sk.spacescapes@gmail.com](mailto:sk.spacescapes@gmail.com)

Ar. Sunil Kapur graduated from CCA in 1986. During his tenure on various responsible positions with both Government & private architectural organizations he has success- fully delivered large number of projects involving distinct building types & large campuses from concept to implementation. His creative contributions, innovation in design & dedication to duty have been acknowledged and put on record on several occasions by the Government of Punjab, Chandigarh Administration & other employers alike. Following a voluntary retirement from the Department of Architecture, Punjab in 2008, he set up his own architectural firm M/s. Spacescapes at Chandigarh and is currently handling various projects ranging from Residential, Educational, Commercial, Institutional, Health, & Interior Design amongst others. Besides, he is a former member of the Board of Studies of Chandigarh University, Gharuan & MRSPTU Bathinda and also regularly contributes to academics as Visiting faculty & Thesis guide for various prestigious Institutions imparting Architectural Education including his alma mater.

**Dr. (Ar.) Neerja Babbar**

CA/1992/14500

[neerjababbar@gmail.com](mailto:neerjababbar@gmail.com)

Professor Neerja Babbarr received her Bachelor's in Architecture from Chandigarh College of Architecture in 1991; Masters in Architecture from Aayojan School of Architecture, Jaipur in 2009 and her Doctorate from IKLPTU Kapurthala, Punjab in the year 2021.

She has been actively engaged with setting up Architectural Institutes in Northern region and promoting the profession with academic exercises. She has convened 4 National Conferences and edited the conference proceeding books and a journal 'International Journal of Habitat Design & Environment, ISSN No. 2395-5309'. She has authored research papers in 6 international and 3 national conferences as well as 3 in UGC approved journals. She is a reviewer for International Journal of Architectural Computing, indexed with Clarivate, Emerging Sources Citation Index (ESCI), SCOPUS, EBSCO and Pro Quest.

Her efforts to consistently improvise procedures and pedagogical methods have been acknowledged in the shape of 'FFFACE-First Friday Forum Award for Creative Excellence in Architectural Education and Practice, 2016'. Her professional accomplishments include receptive design of ambient environs for a variety of residential, industrial, institutional, public buildings and commercial interior projects.

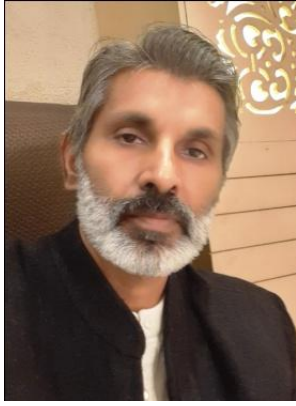

**Ar. Savneet Kaur**

CA/1995/18204

[savneet\\_imarat@yahoo.com](mailto:savneet_imarat@yahoo.com)

Savneet Kaur, an alumna of Chandigarh College of Architecture with a Masters in Sustainable Development, has left an indelible mark in the field of architecture. As the principal Architect at Imarat, a practice that spans 3 decades, she has over seen more than 250 projects, Exhibiting her vast expertise and passion for design. Since 2006 she has been influential in giving architectural support and assistance to Didi's remarkable projects, and further went on to teach sustainable design as faculty of Dharmalaya Institute, which she helped build. She currently maintains her academic interests at Chandigarh college of architecture where she mentors the M.Arch students. A member of the ILBC, and working in close coordination with TERI, her interests in earth architecture have led her to set up the Imarat Centre for Earth Architecture. She awarded the 'Best Architect in Sustainable Architecture' by the Indian Institute of Architects in collaboration with the Times of India Group. This, and many such honours set her apart as one of the 15 architects recognised for their significant work across India. Through these various roles and contributions, Savneet continues to shape the future of sustainable architecture.

**Ar. Suresh K. Sharma**

CA/1998/22983  
[punjsur@gmail.com](mailto:punjsur@gmail.com)

As an associate Architect with Kalpakriti Consultants, he has worked in India and abroad on various projects including human habitat, Education Institutes, Industrial and recreational architecture.

**Ar. Sukhwinder Kaur**

CA/1999/24640  
[sukhid@gmail.com](mailto:sukhid@gmail.com)

Visualization is a crucial skill for architectural design, bringing concepts to life and allows explore and refine ideas before they become reality. Through advanced computer graphics, designs can transcend traditional limitations, pushing the boundaries of creativity. This technology fosters innovative thinking and problem-solving in the field. With more than 25 years of experience in 3D visualization skill I team up CCA faculty to and act as a catalyst to exalerate the passion among my students and streamline their curiosity to explore and learn new softwares with grounded concepts to achieve this skill to meet the industrial standard

**Ar. Akancsha Sood**

CA/2004/34548  
[aaranyaarchitect@gmail.com](mailto:aaranyaarchitect@gmail.com)

Akancsha Sood, an alumnus of Chandigarh College of Architecture, 1998-2003 batch, is an experienced Architect and Interior Designer passionate about creating sustainable and eco-friendly built environments. After leading large scale projects with award winning architectural firm 'ARCOP', she founded Aaranya Architects in 2021. Her mission is to use natural/ low carbon materials and sustainable construction techniques to reduce a building's carbon footprint. To create climate responsive designs in order to restore our lost connections with the natural environment. Her work derives inspiration from traditional architecture while translating it into a contemporary aesthetic and comfortable functionality. Akancsha has been a visiting faculty at the CCA since 2021 and has conducted regular workshops to educate students about natural materials and eco-friendly construction.

**Ar. Navneet Saini**

CA/2008/42509  
[navneetbanwait.designer@gmail.com](mailto:navneetbanwait.designer@gmail.com)

Navneet Saini calls herself as a 'Creative Enthusiast'. She accomplished her B.Arch. from L DU, Amritsar and M.Arch. (Industrial Design) from School of Planning and Architecture (SPA) Delhi. She is professionally qualified as an architect and an Industrial Designer, but never confined herself just to these areas. Her love for self exploration and zeal for innovation made her explore creative design skills in different disciplines from Space Design to Furniture Design, Product Design to Carpet Design, Human experience design to Graphic Design as and when she got the opportunities. Designer by mind and Artist by heart, she has set up a firm named 'Candy Ban wait Creatives' which majorly deals with Interior Design & styling and Graphic Design & Branding. An architectural photographer by passion, she loves to capture different frames artistically. In her free time, she loves to write and paint. Ashutosh Mukherjee is an architect with 12 years of experience.

He is a partner at Metamorphosis Design which is a family run business with an expertise in design build.

He has managed a plethora of construction projects in North India around the Chandigarh Tri-city.

- 1.Experienced Construction Manager
- 2.Proficiency in BIM workflows
- 3.Expertise in Prefabrication

Professional Associations And Licensure

- 1. Bachelor of Architecture from Punjab University and year of passing - 2013
- 2. Master of Architecture from Punjab Technical University and year of passing - 2018.

Samanyu Bhatnagar is an accomplished architect and educator with over 10 years of professional experience and 8 years of teaching expertise. Currently serving as an Assistant Professor at Chandigarh College of Architecture, he specializes in mentoring final-semester thesis students and integrating sustainable design principles into architectural education. A licensed architect and Associate Member of the Indian Institute of Architects, Samanyu brings industry insights into academia. He has also presented research at prestigious forums and is recognized for his innovative approach to architecture, combining digital fabrication, urban agriculture, and sustainability to prepare students for evolving global challenges in the built environment.

Nikhita Kinger is the Founder and Principal Architect of Space Essentials, a Chandigarh-based architecture & design firm. She is also an educator, deeply committed to integrating research into architecture pedagogy. In recognition of her teaching contributions, Nikhita was honoured with the Pedagogy Award in Architecture for Outstanding Young Visiting Faculty for the year 2023-24 by Chandigarh College of Architecture. Through her work, she inspires students to approach design challenges with critical thinking and creativity. A postgraduate from Chandigarh College of Architecture, she seamlessly blends professional expertise with academic knowledge, making meaningful contributions to both practice and education in architecture.

"Saanch Kapoor Singh is a visiting faculty member at Chandigarh College of Architecture, Chandigarh with a Bachelor of Architecture degree from GNDU, Amritsar (2016). After gaining valuable experience at one of India's leading Architectural firms, Morphogenesis, New Delhi, she has been contributing to innovative architectural projects with Bachitter Singh Associates in Chandigarh. Passionate about fostering creativity and critical thinking, Saanch aims to inspire students to explore innovative design solutions while grounding their work in sustainability and contextual relevance."

**Ar. Madhur Manan Ganda**

CA/2017/87514  
[madhur.ganda@gmail.com](mailto:madhur.ganda@gmail.com)

Madhur Manan Landa is an architect and urbanist with a Master's in Architecture from Chandigarh College of Architecture (2022) and a Bachelor's from MAIT Bhopal (2017). He has professional experience at Morphogenesis, New Delhi, where he contributed to projects that integrate India's architectural heritage with passive design principles. Along-side managing his architectural consultancy, which focuses on retail fit-outs and residential and commercial projects, Madhur is involved in a research project centered on the digital documentation of heritage buildings. Recognized for his contributions, Madhur's thesis was ranked among the top10 nationally by the Council of Architecture, and he was awarded a gold medal from Panjab University. His work reflects a deep commitment to sustainability, urban design, and the preservation of architectural heritage.

**Ar. Manisha Bodh**

CA/2018/90661  
[bodh.manisha@gmail.com](mailto:bodh.manisha@gmail.com)

I am Manisha Bodh, and here I am introducing myself as a visiting faculty member for the architecture course under Bachelor of Architecture in CCA, Chandigarh. With 5 years of experience in specific areas like architecture, urban design, urban planning or transport planning, my focus is always on blending practical insights with academic principles. I completed my bachelor's degree in Architecture from Chandigarh College of Architecture, Sector-12 D Chandigarh in the year 2017 and post-graduation in Urban Planning from the School of Planning and Architecture, New Delhi in 2022. Currently She is assisting Ar. Dalmeeth Saini in various architectural projects. I am looking forward to engaging with students and sharing knowledge, experience and exploring the dynamic world of architecture together.

**Ar. Vijay Karan Singh**

CA/2019/107352  
[vijaykaran.ahluwalia@gmail.com](mailto:vijaykaran.ahluwalia@gmail.com)

Vijay Karan Singh Ahluwalia is a practising architect and visiting faculty at Chandigarh College of Architecture (CCA). He is the Founder and Principal Architect of Design One Studio, his consultancy spans architecture, planning and urban design.
